Voting in local and national elections is an important right guaranteed to eligible voters and is an excellent way to amplify your voice!

You can register easily online with the last 4 digits of your Social Security Number, or your Colorado ID. Visit GoVoteColorado.gov to register to vote or update your voter registration. The ability to register with the last 4 digits of your SSN is an exciting new opportunity that we encourage eligible students to use to conveniently register via your phone or laptop.

In Colorado, all eligible registered voters automatically receive a mail ballot, so you have the option to vote by mail, in-person, or by ballot drop box. Register now or update your voter registration to ensure you will get your ballot for the 2022 Election. You must update your voter registration each time you move.

Every eligible voter can complete the registration process online at GoVoteColorado.gov, using the last 4 digits of your Social Security Number or your CO ID.

Voting Rights

If an election judge or anyone else challenges your right to vote at a Voter Service and Polling Center, you still have the right to cast a regular ballot. If you make an oath attesting to your eligibility to vote at an election judge, you must be allowed to cast a regular ballot. If you don’t want to answer the questions about your eligibility, you still have a right to cast a provisional ballot.

If you think your voting rights have been violated, you can advocate for yourself with the help of voting rights organizations and government officials. Contact your County Clerk’s Office (www.countyoffice.com) and the Department of Justice (civilrights.justice.gov/report/).
